Om R. Patel

Carnegie Mellon University • (346) 464-7578 • patel.omtx@gmail.com • Linkedin • Portfolio

EDUCATION

Carnegie Mellon University (SCS) – Pittsburgh, PA **May 2030**

TECHNICAL SKILLS

Java, Python, Git, C++, C#, JavaScript, TypeScript, Node.js, HTML, CSS, React, TensorFlow, Keras, SciKit, Unity

RELEVANT COURSEWORK

Computer Science: Fundamentals of Programming and Computer Science, Principles of Imperative Computation
Math: Differential and Integral Calculus, Matrices and Linear Transformations, Mathematical Foundations for Computer Science

EMPLOYMENT

Lavoro AI | Research Intern | Pittsburgh, PA **Sep 2026 - Present**

- Researching robot learning and AI models for physical task execution
- Developing real-time robot control and teleoperation systems
- Evaluating skill-transfer models across diverse robotic platforms

CodeNinjas | Curriculum Developer | Missouri City, TX **Dec 2023 - Aug 2026**

- Developed an AI & Robotics curriculum for students ages 10+
- Taught AI ethics, model development, and AI-powered robotics
- Instructed 210+ students in AI and robotics concepts

DocuBridge | AI Development Intern | Berkeley, CA **May 2025 - Aug 2025**

- Developed an AI demonstration platform for enterprise clients
- Collaborated with firms valued at up to $10B
- Coordinated with college and graduate-level engineering interns

PROJECTS

Aegis | AI Drone Detection System **Aug 2026 - Present**

- Architecting a drone detection system by combining acoustic and visual data
- Engineering embedded electronics to create a human-mountable device
- Designing real-time localization algorithms to increase tracking accuracy

Thrive | AI Blood Sugar Management Tool **May 2023 - Aug 2026**

- Creating an AI-powered app to predict blood sugar levels
- Currently working on making a NIR spectroscopy CGM
- Collaborating with experts in the industry as well as target audience

SL 95 Virtual Exhibit | Virtual Museum for Sugar Land 95 **Sep 2023 - Aug 2026**

- Creating an interactive virtual museum for Sugar Land 95
- Collaborated with district officials and research initiatives
- Presented at Rice University and Texas Undertold Memorial Unveiling

JStatsLib | Computer Science Class Project **Mar 2024 - May 2024**

- Creating a data analysis and plotting tool in Java
- Worked with 2 other students to create customizable and responsive charts
- Published to GitHub with documentation and usage instructions
